DEATHS.

Mrs. Nannie Thomas Grimes, aged 56 years, wife of Mr. John B. Grimes, died at the home of her husband, on Higgins Avenue, Tuesday afternoon, at 2 o'clock, after an extended illness. She was the daughter of Mr. J. W. Thomas, Sr., who is now in his ninetieth year. Mrs. Grimes was a lovable and a most estimable Christian woman, a devoted wife, loving and tender mother and a true friend. For many years she had been a consistent member of the Christian church.

Besides her husband she is survived by five children, Misses Georgia and Sallie Grimes, Mrs. Leer Stout, William Grimes, of this city, and Mrs. Edward Armstrong, of Charles City, Iowa, all of whom were at her bedside when she passed into the Eternal Sleep.

The funeral services were held yesterday afternoon at 3 o'clock from the residence, conducted by her pastor, Elder Carey E. Morgan, of the Christian church. Burial in Paris cemetery. The pall-bearers were: C. M. Thomas, J. T. Hedges, C. K. Thomas, F. P. Walker, Bennett Thomas and Dr. J. T. Brown.

Miss Lizzie Haldeman, aged 22 years, daughter of Col. and Mrs. W. B. Haldeman, of Louisville, died in Paris, France, Wednesday after an operation for appendicitis. Miss Haldeman went abroad with her parents in February and they were stopping at hotel Balzac. Col. and Mrs. Haldeman will start for home at once with the remains of their daughter.

Robert Clarke, of this county, died at the Good Samaritan Hospital at Lexington yesterday morning. He was taken to the hospital about two weeks ago suffering from tumor of the abdomen. His weakened condition prevented an operation and he lingered until yesterday morning as stated above.

Bourbon Circuit Court.

There were only eleven out of the panel of 24 regular petit jurors that answered when their names were called Tuesday morning in Circuit Court. Judge Stout took occasion to let those present know how little regard and importance is attached to a summons to serve as a juror by the average citizen. He deprecated such a condition of affairs. The most frivolous excuse, he said is deemed sufficient especially by farmers to decline to appear in court as jurors. He said the strict enforcement of the rule would be enforced to compel the attendance of those summoned. He spoke with much earnestness and convinced those present that he would not stand the apparent indifference upon the part of jurymen or witnesses from now on. That he was compelled to hasten the business of the court in a manner satisfactory both to litigants and attorneys.

Judge Stout then proceeded to call the docket of the commonwealth. The case of John Barton, a negro, charged with the murder of George Diloway, another negro, while engaged in a crap game at a negro dance near Hutchinson this county, was set for trial on the eighth day of the term.

WEDNESDAY.

The case of the Commonwealth vs. Ben Lewis was the only case tried Wednesday in Circuit Court. Lewis was charged with buying a witness not to appear against him at last term of court. The jury after hearing evidence and arguments, retired and brought in a verdict of \$50 fine. The Judge however, upon his own motion, for sufficient reasons to himself set the verdict of the jury aside and ordered the case continued until the next term of court.

The following are the petit jurors for this term of court: No. 1—H. C. Stone, S. K. Butler, O. M. Ingels, E. E. Wood, A. Smedley, Lloyd Ashurst, Harry Kerslake, J. B. Arkle, J. E. Gray, Joe Jacoby, W. P. Wornall, W. W. Haley, No. 2—C. B. Wilson, Wm. Layson, Arthur Talbott, Geo. Jacoby, L. D. Redmon, E. F. Cantrell, S. E. Weathers, Wm. Becroft, Jeff Kiser, J. W. McIlvain, H. G. Hopkins, J. B. Cunningham.

The jurors were excused until next Tuesday morning.

THURSDAY.

Judge Stout called the old ordinary docket yesterday morning, which is composed of one hundred cases. Not a single case of them were assigned for trial, most of them being passed. This shows that there will be little doing at this term of court.

The arguments on the rule asked for against Sattewhite and Underwood, of Louisville, in the big \$50,000 damage case of James McClure vs. J. D. McClintock were postponed until Monday morning. The reason for this was as stated by attorney R. C. Talbott, that Mr. McClure had just employed Col. J. R. Allen as one of his attorneys and it was impossible for him to reach him until Monday morning.

The grand jury after a session of three days, returned 53 true bills yesterday and asked the court for final discharge as they had investigated thoroughly everything that had been brought before it. The Judge, after thanking them for their efficient and quick work, gave them their final discharge.

This is a record for grand jury work in this county—53 true bills and four cases dismissed that were before them in three days.

The indictments were all for minor offenses, so it is stated, but the court did not want them given out for publication at this time.

Bench warrants, however, were served late in the afternoon on six keepers of "blind tigers" in Claysville.

Republican Conference.

After a conference Wednesday night in which five "progressive Republican" Senators participated, it was announced that the fight for the adoption of an income tax amendment would be continued in spite of President Taft's recommendation that the matter be referred to the various States.

The Big Game To-day.

This is the day for the big game between the All-Professionals and Railroaders, for the benefit of the Paris Hospital fund. The interest aroused over this game is general and a record-breaking crowd will be on hand this afternoon at 3:30 o'clock when the umpire calls "Play Ball." Both teams are practicing hard and the form shown by these players is really astounding. T. E. Moore, Neville Fisher, Dr. Lacock, Dr. Kenney, Dr. Keller, Pritchard and others of the Professionals have been seen daily on the diamond at League Park and are prepared to put up the game of their lives. Dr. Keller and Neville Fisher are on the hospital list due to an unfortunate accident but both are game and will stick to the last.

One of the features of the game is the precaution to be taken to have everything brought off smoothly and all emergencies provided for. Mayor James O'Brien will swear in ten or twelve extra deputies to protect the umpires, Rev. Litsinger and Dr. Usery, and escort them home after the game. George Davis and John T. Hinton will have ambulances on the ground and will have trained nurses in attendance to give immediate and complete aid to any and all injured.

The game will be begun at 3:30 p.m. sharp, when Rev. Carey Morgan will open hostilities by pitching the first ball. Box seats are for sale by Dr. Daugherty and are most all sold. Line up will be as given in our issue of Tuesday last. The Bourbon News will post the result of the game by 11:00 p.m.

"Rude and Primitive Justice."

"No criminal, high or low, whom we can reach, will receive immunity!" shrieked Mr. Roosevelt in his Memorial Day speech at Indianapolis in 1907.

"As a matter of course we will punish any criminal whom we can convict under the law."

"Wherever evil-doers can be, they shall be brought to justice."

"The power of the nation must be exerted to stop crimes of cunning no less than crimes of violence."

At the time Mr. Roosevelt uttered these inspiring sentiments the Sugar Trust was guilty of violating the Interstate Commerce law and was stealing money with both hands from the United States Government.

George H. Earle, receiver for the Pennsylvania Sugar Refining Company, complained to Mr. Roosevelt and to his Attorney-General of the violation of the Anti-Trust law, and although "no criminal, high or low, whom we can reach, will receive immunity," the Administration refused to take any action in regard to Mr. Earle's complaint. Mr. Bonaparte now explains the Roosevelt policy on the ground that the complainant had failed to do the Government's work in clinching the proof. "Had Mr. Earle offered me any evidence that involved the public interest, I should have acted," he says; yet the Sugar Trust comes into court and settles for millions a private suit brought under the Sherman law rather than allow the trial to proceed. The testimony that forced the settlement was the very testimony that Mr. Earle offered to the Roosevelt Administration.

What a different picture of Rooseveltian methods presented itself when the United States Supreme Court decided that Confederate notes were not counterfeit money! In spite of this decision and of the protests of Attorney-General Knox, Mr. Roosevelt refused to release from prison a man who had been convicted without due process of law, boasting that he was administering "rude and primitive justice," and that regardless of the court this man was "undoubtedly a scoundrel and morally a criminal."

There was plenty of Rooseveltian justice for the man that passed Confederate notes, but none for the criminal Sugar Trust with its millions of capital and assets.

Mr. Taft was not elected President to dispense "rude and primitive justice" to anybody, but to execute the laws of the United States and to uphold the Constitution. He and Attorney-General Wickersham have no more important work to do than to make sure that, so far as the law will permit, real justice is meted out to the American Sugar Refining Company.

The President cannot afford to let the far-reaching larceny cases end with the restitution of \$2,000,000 of stolen money and the indictment—or conviction—of a few minor employees. He cannot afford to let the trust's confessed violation of the Sherman law stop with the damages that it has been compelled to pay to its Pennsylvania rival. Here is the Administration's opportunity to make an example of a corporation that is entitled to no consideration at the hands of honest men.

Preservation of Forests.

Kentucky, which is one of the chief hardwood producing States in the Union, and the first State in the production of yellow poplar, is making good progress in the movement for the preservation of its forests. In 1906 the Legislature enacted the law providing for the State Board of Agriculture,

Forestry and Immigration. During the following winter the Board asked and received the co-operation of the United States Forestry Service in a study of the forest condition of the State. This work was begun two years ago and an examination of half the area of forest land in the State has been completed. The result of the first year's work, covering the eleven most Eastern counties of the State is published in the Kentucky Handbook, 1906-1907. The second report, now in the hands of the State Board of Agriculture covers forty-eight counties, largely in the coal mining regions of the State. When this investigation is completed Kentucky will have an excellent inventory of its lumber resources.

The manner in which the forestry problem has been approached indicates that the people of the State realize that the ultimate solution of the im-

pending timber scarcity must, for the farmer, depend largely on how he handles his individual timber resources, and that there is no better way than for him to consider the wood lot as a bank account, using the interest which is constantly accruing, but leaving the capital undiminished. Much educational work, however, will be needed to secure this desirable end. The second report of the Forest Service suggests a forest law. Among its most important features is a provision for the appointment of a State Forester. The wisdom of this is evident since only by the appointment of a State Forester can the work in co-operation with the Forest Service be maintained and carried to a successful conclusion. Until such time, however, as the State of Kentucky is ready to assume the management of its own forest problems, the National Service is willing and anxious to co-operate in every way possible for the furtherance of forestry among private owners in Kentucky. In the co-operative investigations of forest resources now in progress, the government spent over \$4,000 to duplicate a similar amount appropriated by the State.

Kentucky has always been rich in forest resources, but like many other States has reached the point where the timber will hereafter be produced on a continually decreasing scale and it is necessary to protect and use carefully the forests which remain.

In 1899 Kentucky cut 734,000,000 board feet of hardwood timber. In 1907 the cut was 845,908,000 board feet, an increase of only sixteen per cent, in the past nine years. In the same period the cut of yellow poplar has fallen off over twenty-four per cent. During the same time the prices of lumber at the mill has advanced on an average of sixty-five per cent, and the demand has increased accordingly.

The Modesty of Women

Naturally makes them shrink from the indecent questions, the obnoxious examinations, and unpleasant local treatments, which some physicians consider essential in the treatment of diseases of women. Yet, if help can be had, it is better to submit to this ordeal than let the disease grow and spread. The trouble is that so often the woman undergoes all the arrogance and shame for nothing. Thousands of women who have been cured by Dr. Pierce's Favorite Prescription write in appreciation of the cure which dispenses with the examinations and local treatments. There is no other medicine so sure and safe for delicate women as "Favorite Prescription." It cures debilitating drams, irregularity and female weakness. It always helps. It almost always cures. It is strictly non-alcoholic, non-sea, all its ingredients being printed on its bottle-wrapper; contains no deleterious or habit-forming drugs, and every native medicinal root entering into its composition has the full endorsement of those most eminent in the several schools of medical practice. Some of these numerous and strongest of professional endorsements of its ingredients, will be found in a pamphlet wrapped around the bottle, also in a booklet mailed free on request, by Dr. R. V. Pierce, of Buffalo, N. Y. These professional endorsements should have far more weight than any amount of the ordinary lay, or non-professional testimonial.

The most intelligent women now-a-days insist on knowing what they take as medicine instead of opening their mouths like a lot of young birds and gulping down whatever is offered them. "Favorite Prescription" is of KNOWN COMPOSITION. It makes weak women strong and sick women well.

Dr. Pierce's Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. Send to Dr. R. V. Pierce, Buffalo, N. Y., 21 one-cent stamps for per-copy, or 10 stamps for cloth-bound.

It will cost the Doctor, free of charge by letter. All such communications are held sacredly confidential.

The Sewers of Paris.

Paris has the most extensive system of drainage in the world. The vast network of sewers runs under the city, having a total length of more than 1,000 miles. The construction is said to have cost nearly \$30,000,000. The maintenance and cleansing of the sewers cost the city about \$500,000 annually and employ about 1,000 men.

Water pipes, telegraph and telephone wires, and pneumatic tubes pass through the sewers, but gas pipes are excluded for fear of explosion. Visitors are conveyed through the sewers by electric train, or by boats towed by electric traction.

Big Crops in the Northwest.

Four years ago the provinces of Alberta and Saskatchewan were carved out of a vast area formerly known as the northwest territories. Their population at the time of their organization as provinces was probably about 70,000 for Alberta and 90,000 for Saskatchewan. The number to-day is somewhat problematical, but a guess of more than half a million for the two provinces is quite reasonable. Saskatchewan is now producing crops worth nearly \$40,000,000, and Alberta, which is a cattle country rather than a crop country, values its harvest at \$15,000,000.—New York Sun.

New Pledge Held Back.

Just what the proposed pledge for the Burley tobacco growers for 1909 contains has never been given out by the board of directors of the society, but it became known at Frankfort Wednesday says a special that one feature of the pledge provides for a retention by the society of 10 per cent. of the money received for the sale of all the 1909 crop. This money is to be used for the purpose of financing a private corporation, and the pledge does not state what is the purpose of this corporation.

This withholding of 10 per cent. of the proceeds of the sale of the 1909 crop is to be the bone of contention among the tobacco growers in the Burley district this year, and it is said that this section of the pledge will keep out hundreds and hundreds of the farmers, who will refuse to tie up 10 per cent. of the money received from the sale of the 1909 crop of tobacco in the Burley district would be about \$1,500,000 and it is proposed that this amount shall be used to finance the new corporation. In an effort to explain this and other features of the pledge for this year, Miss Alice Lloyd is now engaged in the work of preparing a treatise on the pledge, which will be used by canvassers in their work of obtaining pledges. Miss Lloyd is said to realize that the pledge is going to be a hard proposition to explain to the farmers, and for that reason she is preparing a series of questions that may be asked and answers to them, so that when the canvassers are met with questions they will have ready answers at hand.

The canvassers are to be coached by Miss Lloyd and by her book on just what to say to any farmers who offer objections to joining the pool. Miss Lloyd's book will be a sort of textbook for the Burley Society agents, and she hopes to have everything so clearly explained that the canvassers can teach the doctrine of a pool in the present summer. The book, on which Miss Lloyd has been working since the pledge was agreed upon by the directors of the Burley Society, is near completion, and will be printed by the thousand for distribution among the planters in the Burley district.

That the directors of the Burley Society realize that the new pledge is not going to be a popular one, and that in organizing the 1909 pool they are going to meet with difficulties is shown by the fact that the pledge has not been given out and that it is being withheld until Miss Lloyd can prepare her explanation. It is said that some of the details of the pledge have become known in Winchester and Clark county, and that many of the farmers who pooled in 1908 have expressed themselves as opposed to the pool under the terms suggested in the new pledge. Several farmers have said in Winchester, after hearing about the pledge, that they would not go into the pool this year.

While the pledge does not state for what the 10 per cent. reserve is to be used, it is privately stated that the money is to be used to finance a corporation which will insure the tobacco of the growers and will handle their crops for them on the co-operative plan, the idea being that the money will all go back to the farmers in dividends, and that it will not be lost in any sense of the word. The corporation is to be a joint stock company, and the ten per cent. that is reserved from the amount which should go to each grower is to be used to purchase stock in the corporation. Each farmer will get stock to the value of the money he puts in.

Full details of this corporation has not been made public as yet, and it is probable that there will be more work on the plans before anything is officially given out by the Burley Society. It is claimed by those who framed the pledge and promulgated the plan for the new corporation that the farmers and growers will be greatly benefited by the scheme, and that there expenses will be greatly reduced.

Rainy Day Thoughts.

"When I used to live in the west," said the New York woman, "there seemed to be a good excuse for the rain. Whenever it rained we said: 'How fine it will be for the crops,' and stayed indoors gladly, but here in New York there's no earthly excuse for its raining day after day, and the shops so full of beautiful things we would like to buy."

Bradley Wins His Point by Humor

A bit of humor added to the farce of an argument won for Senator Bradley, of Kentucky, the rare distinction of getting an increase over the committee report in the Aldrich bill. To protect the flax growers Bradley wanted a tariff on jute, which competes with it. Some of the things he said were:

"If there is anything in this world that is imported into the United States free, that is absolutely a source of disgust to an American citizen, it is jute. Where does jute come from? Who are the people who make jute? Heathens; yellow men, spotted men, everything on earth but white men. They go out and work in the fields. I had some pictures of some of them the other day. I wish you could see them. They have never found out that the day of fig leaves is past. And that is the sort of degraded labor that you allow in free America by allowing jute to come to your shores unperfected.

"I appeal to the Senate for justice in this matter. It is true I come from the state of Kentucky, but I am not ashamed of that. There is no better state on this earth than Kentucky. Kentucky is like a man's wife was when she said that there never was a better woman than she was as long as her husband would let her have her own way.

"Why should not we have this protection? What is the reason why we should not have it? Are we a part of this country or not? We pay more internal revenue than any state in this Union except two.

"I hope that the occupants of the galleries will be in order. I certainly do not desire to be the innocent cause of any trouble in the Senate. I have not made anybody mad this session. I have not been mad either. I am not going to be mad unless the Senate refuses to give me a tariff on jute. Then I reserve the right to myself to get mad and stay mad during the remainder of the session."

Resolution Adopted.

At the meeting of the diocese of the Episcopal church at Newport, Ky., a few days ago the following resolution was adopted:

"Whereas: We, as the Protestant Episcopal church in the diocese of Lexington State of Kentucky, being a branch of God's church and assembled in council, feel deep concern over conditions created and being perpetrated by alarming, if not revolutionary legislation, whereby the necessities of the lives of the needy are disproportionately taxed, and,

"Whereas, such legislation is fast destroying men's reverence for law and of tending to anarchy; therefore, we, the members of the council aforesaid, conscious for the trust of righteousness committed by the triune God to plead with all constructing and controlling forces of our land—Senatorial, congressional, legislative and executive—to give us laws right in the sight of God, just and true to all the people and we call upon every Christian organization in the land, to join us in this purpose and pleading."

Bright Boy's Guess.

In the afternoon in all the schools a part of the time was devoted to the study of the life and deeds of Columbus, says the Baltimore Sun. An amusing reply was given by one of pupils. A teacher had told the class of the wonderful voyage of Columbus and how he insisted on continuing the voyage after the other men were clamoring to return. Then she asked: "Who was Columbus?" with the view of hearing how well they had followed her talk. One little hand went up. "Well, Johnny, who was he?" asked the teacher. "Columbus was the gem of the ocean."

Stops Many Banks.

Adjudging that a state bank has no right to establish and maintain a branch institution, the Court of Appeals Tuesday reversed the Franklin Circuit Courts judgment in the case of Ben L. Bruner, Secretary of State, against the Citizen's Bank of Shelbyville. The Shelbyville bank established a branch at Waddy, Shelby County, called the "Citizen's Bank of Waddy," which was a branch of the Citizen's Bank of Shelbyville.

Secretary of State Bruner, who by law has supervision of State banks, contended that a State bank has no legal right to establish and maintain branches.

The opinion of the court, written by Judge Carroll, goes exhaustively into the powers of State banks.

Between twenty-five and thirty branch banks must cease business in the State or reorganize as independent banking institutions following this decision of the Court of Appeals on the banking law. Secretary of State Bruner says he will enforce the law to the letter.

London Ladies Take Up Fencing.

London ladies stimulated by the Olympic games of last summer have taken to the foils, and fencing is now the fashion. Indeed, an official of the Sword club holds that fencing is likely to have an even wider vogue among women than among men. Many women prominent in the social world are actively interesting themselves in the foils, and there seems every likelihood that something approaching a craze may be started in the fencing world during the coming season.

Long Fight on Strauss Ended.

When the Reichsanzeiger announced recently the fact that Richard Strauss, composer of "Salome" and "Elektra," had been elected a member of the Academy, a neighboring journal's only comment was: "Endlich!" ("At last!") In explanation the Berliner Tageblatt says that Strauss' name had been before the academy as a candidate for membership for three years and that the opposition to his admission was led by Josef Joachim. "The other party, in favor of Strauss, under the leadership of Professor Humperdinck, worked hard, however, and finally triumphed. The report that the kaiser's influence was used to bring about Strauss' election is without foundation."

Best Stomach Remedy Free

It is an old saying that if the stomach is sound the whole body is safe, because so much depends upon the proper working of the stomach. Many persons find themselves with a disorder of the stomach which produces dyspepsia or a peculiar state of biliousness.

If you suffer from both stomach trouble and rheumatism you are of the way to a very serious disease. From just such conditions come appendicitis, rheumatism, skin diseases and similar disorders, because the waste matter that should have been dispelled from the system through the bowel has found a home in the blood and stimulates it. What is needed at this point is not a violent cathartic tablet or salt, which usually does more harm than good, but a gentle laxative tonic like Dr. Caldwell's Syrup, Peppermint oil, which have been used for alimentary diseases for nearly a quarter of a century.

It cured J. C. Lanham, of Warrensburg, Mo., of stomach trouble of long standing, also William Volk, of 903 Ellison St., Louisville, Ky., who had the disease for 15 years.

However, if you have stomach trouble you want to know from personal experience what Dr. Caldwell's Syrup, Peppermint oil, will do for you. If so, send your name to the doctor and a free trial bottle will be sent you. You are urged to send for the sample, and if it does not cure you perfectly we could mention hundreds and hundreds of families who are never without it. You can never tell when some member of the family will need a laxative, and then no time should be lost taking Dr. Caldwell's Syrup, Peppermint oil.

If there is anything about your ailment that you don't understand, or if you want any medical advice, write to the doctor, and he will answer you fully. There is no charge for this service. The address is Dr. W. B. Caldwell, 500 Caldwell bldg., Monticello, Ill.

Plants Shipped to Illinois.

Over ten thousand Burley tobacco plants were shipped from Franklin county to Oley, Ill., Tuesday in specially prepared baskets and another big shipment will be made in a few days; it is probably an extensive experiment to ascertain if Kentucky-grown plants can be grown into first-class marketable Burley in Illinois State. It is rumored that the American Tobacco Co. is having the experiment made with the idea of defeating the Kentucky pooling growers if it succeeds.

ing and expression. The vocal solos "I Love Thee" and "Lovely Flowers, Will Ye" rendered by Miss Louetta Crawley, were well executed. Miss Crawley has a voice that gives promise to a bright future.

The piano solos by Misses Florence Lindsay and Katherine Cook were executed with much feeling, while the duo by Misses Myra Booth and Mattie Butler was one of the pleasing numbers of the evening. These two young ladies are among the best musical students of the college. The piano solo played by Miss Anna Rogers, was done with much ease. The vocal duet by Misses Preston and Crawley received a round of applause and reflected great credit on Miss Lewis, their instructor. Miss Myra Booth, in a piano solo, captivated the audience as she always does. She is a little genius in music and many of her interpretations are abounding in originality.

The vocal solo of Miss Frankie Preston was what the audience had waited patiently for. She has been quite a favorite in song here for the past two years and she sustained her reputation. The best number of the program for the lovers of music of high art was the last—the "Overture Der Freischütz"—piano, Misses Louetta Crawley, Jessie Hanson, Elvina Stander, Lucile Dearing; violinist, Miss Headley; cornet, Elder W. A. Gardner. Immediately after the concert the young ladies gave a half hour reception to the public in the parlors and library, which was one of the pleasant events of the season.

Tuesday morning at 10 o'clock the 59th annual commencement exercises were held in the chapel. The audience was large, many visitors being present for the day from all the surrounding towns. At the appointed time the graduating class, consisting of nine young ladies, and members of the faculty took their places on the stage, after the singing of the coronation by the entire audience and invocation.

Misses Edith Wood and Ilema Vaughn Patterson, second honor girls, read essays. Subject: 1st, "The Life Beautiful, Frances E. Willard"; 2nd, "The Owners of America." These two young ladies' average was the same, hence they were both given second honors. Miss Irene Lary, first honor girl, appeared before the audience in the subject "Woman's Debt to her Country," she spoke with much ease and composure and was heard in all parts of the chapel. Her subject was well chosen and equally well handled, the words to her class at the close were addressed with much feeling.

A shade of disappointment took possession of the audience when Dr. Fisher announced that Dr. Waterhouse had been unavoidably called home and that Rev. M. P. Carico, pastor of the Methodist church of Bristol, Tenn., would deliver the literary address. Rev. Carico however proved an interesting speaker and in a little while had taken possession of the entire audience. He dwelt largely upon the need of good teachers and religious training in our schools.

Prof. C. C. Fisher in a short, feeling and touching address awarded the diplomas. Among other things he said that he regretted more separating from this class than any in his experience. That the tie between he and them had been stronger, that they loved him and he loved them. During this touching little scene many handkerchiefs were drawn.

This has been the most successful year within his experience of twelve years here. All during that time the school has grown steadily but never until now has it reached an enrollment of 170. The house was full last year and most of the rooms are already engaged for next year. The music during the time was good and the last chorus "Vale" ("Farewell") appealed to every heart and nearly every eye.

The following is the class of 1909: Lillian Allen, A. B.; Anna Earle Brown, A. B.; Ethel Love Fisher, A. B.; Blanche Bledsøe Thompson, B. S.; Edith Browning Wood, A. B.; Irene Lary, A. B.; Ilema Vaughn Patterson, A. B.; Eula Claxton Thomas, A. B.; Margaret Lucille Wood, A. B. At the close of the exercises all of the visitors of the student body was asked to dine at the college, each of the seniors was allowed the privilege of entertaining a gentleman friend at dinner. The menu was elaborate and a large social time was had together. Thus closed the commencement exercises properly. Quite a number of the young ladies and teachers leaving for their homes on the afternoon and evening trains.

Tuesday evening at 8 o'clock the college was thrown open to the public in an informal reception which lasted until eleven. It was perhaps the most enjoyable feature of the entire year, there were no rules and restrictions no college caps and uniforms all having been thrown aside for the summer and every had the appearance of a true typist. Thus ends the most successful year in the history of Millersburg Female College and thus closes the most brilliant commencement exercises in the history of our schools.

The class day exercises opened at 9 o'clock Monday morning with a parade, which formed in front of the college, headed by the alumni, with Mrs. America Butler in the lead, who is a member of the class of 1887. Next came the class of 1909 followed in order by the Juniors, Freshmen and Sophomores. The line of march was South on Main street to Fourth, then North to the college campus, where the class tree was planted with a short address by Miss Edith Wood, second honor girl, after which all retired to the chapel, where the exercises were continued, consisting of the class historian, poet, prophet, grumbler and choruses by both seniors and Juniors. Before the close, the class presented Prof. Fisher with four volumes of American poets for the library in a beautiful little address delivered by Miss Lillian Allen. Prof. Fisher responded with much feeling.

The annual concert of Millersburg Female College took place Monday evening at 8 o'clock in the college chapel. The audience was large, cultured and handsomely dressed. The concert was fully up to the average and the execution of all was good. Mrs. Shannon, musical director, was somewhat apprehensive as to the outcome of the work, in view of the fact that she had been unavoidably absent for the greater part of the past ten days, on account of the illness of her sister at Good Samaritan Hospital, Lexington.

The "Strauss Waltz Song," by Miss Lewis' chorus class caught the attention of the audience from the beginning and it was held throughout the entire entertainment. The piano numbers by Misses Hewitt and Fisher were good and were played with much feel-

The Grocery Store of Quality.Bourbonites Win Five and Tie One
Out of Last Six Games Played.

The Bourbonites trimmed the Shelbyville Millers yesterday at Shelbyville by a score of 4 to 2. Poole and Felix were the battery for the Paris team. The Millers made their two runs in the seventh inning, showing that Poole must have had the works with him in the pitcher's box. This is the fifth straight win for the southpaw and he seems to be getting better right along. Out of the last six games played Paris has won five and tied one. They are going some. Yesterday's game makes us tie Lexington for fourth place.

TUESDAY'S GAME.

The champions from the city of Frankfort arrived Tuesday morning confident of taking the two games scheduled in this city but was most beautifully "nipped in the bud" in the first game by the errorless game played by the home team. The game was not won by a fluke as was stated in a Lexington paper, Wednesday morning, but by the superior playing of the Paris aggregation.

The champs had their star twirler in the box and he held the Bourbonites to five hits, while the home team put in Dugger, who proved to be a brighter star than "Rasty" for he allowed his opponents only four hits and struck out fourteen men during the eleven innings played to settle the battle. It was truly a pitcher's battle, with Dugger the real star of the game. Dugger fully demonstrated that there is no pitcher in the Blue Grass League that is his superior. We do not except the great and "onliest" Tony, of the mighty (?) Winchester Hustlers.

There were about five hundred people that witnessed the game and declared it to be the best game of ball ever seen in Paris. The following is the summary:

Paris 0 0 0 0 1 0 0 0 1 2
Frankfort 0 0 0 0 1 0 0 1
Batteries—Paris, Dugger and Felix; Paris 5; Frankfort 4. Errors—Paris 0, Frankfort 1. Earned runs—Frankfort 1. Two base hits—Zuralge 2. Sacrifice hits—Hoffman, Strader, Hannigan, Dugger, and Reed. Stolen bases—Long, Dardio, Ochs, Felix. Struck out by Dugger 14. Bases on balls—Wright 2, Dugger 3. Hit by pitched ball—Strader and Angemier. Wild pitch—Wright 2. Passed ball—Norton 1. Double; plays—Felix to Barnett. Let on bases—Frankfort 6; Paris 8. Umpire, Hanly.

WEDNESDAY'S GAME.

The Paris team on Wednesday made two straight from the Frankfort champions, by score of 6 to 3. While the game was not as fast as the one the day before, yet it was a good game and became quite interesting in the ninth when Frankfort made two runs, but it was impossible for the Lawmakers to overcome the four runs made in the first and the two made in sixth and eighth. Winchell was in the box for the home team and while he was wild at times yet he pitched a good game of ball as he always does. McDowell for Frankfort was wild in the first inning, besides he was landed on for several nice hits and when the smoke cleared away Paris had made four runs. This seemed to take all the run out of the Lawmakers and they were easy to attend to after the first onslaught by the home team. Ochs and Hannigan played brilliant ball in their field positions. Winchell kept the hits scattered and Felix played his usual brilliant game. Elgin who is now recognized as one of the safest sluggers on the team, made two clean hits. In the fourth inning Winchell showed his usual form, only allowing three men to face him. Frankfort has a strong team, but did you know that old Paris has a team that is now making every other team in the League set up and take notice. There were six hundred people who witnessed the game, almost two hundred of them being ladies, who are becoming great rooters. The following is the summary:

Paris 4 0 0 0 0 1 0 1 0 x-6
Frankfort 0 0 0 0 1 0 0 2 3
Hits—Paris 8; Frankfort 7. Errors—Paris 2; Frankfort 4; Paris 1. Earned runs—Paris 2; Frankfort 1. Two base hits—Dardio. Sacrifice hits—Ochs, Winchell, Elgin 2. Stolen bases—Felix 2, Ochs. Hit by pitched ball—Schmidt. Base on balls—off McDowell 3, Winchell 3. Wild pitch—Winchell. Left on bases—Frankfort 6; Paris 8. Umpire, Hanly.

NOTES.

All of the big pitchers in the Blue Grass League look alike to the Paris team. They have landed on the great Tony, of Winchester, and then broke the heart of "Rasty" Wright, the pet of the Capitol city.

The many friends of the fast second baseman of the Paris team, Seeback, will be glad to learn his sprained ankle is improving, and they may expect to see him in Sunday's game. He is anxious to get back in the game and it has been hard work for his physician to keep him out regardless of his bad ankle. Seeback is not only one of the fastest players in the League but a fine little gentleman.

The Bourbonites left yesterday morning for Shelbyville, where they will play a series of three games. They will return home Saturday night and play the mighty Pioneers from Richmond Sunday.

"Pop" Barnett is in another batting slump. Some miscreant, a few days ago, stole his bat, the one which he used in twelve games and got twelve hits. He is now trying to accustom himself to a new stick, but is finding it rather hard to wield it effectively.

On Monday Paris will meet Sheets' Colts from Lexington on the home grounds. They got Lexington Tuesday and play at home again Wednesday. The idea now is to make these colts look like "selling platers" which intended to be carried out, for they have been entirely too frisky of late. E. M. Dunbar, the fourth umpire in the Blue Grass League, who was selected by President Hammond a few days ago, arrived from his home in Peoria, Ill., yesterday morning and was scheduled to make his debut in the Blue Grass League company at Richmond with umpire Hanley yesterday afternoon.

From this time on the public can depend on the reports of the standing of the clubs in the Blue Grass League as they appear in the Bourbon News as being absolutely correct.

Pitchers Wills and Baker were released by the Lexington team Wednesday. Wills was immediately signed by the Richmond club, while Baker caught on with Frankfort.

The game between Lexington and Winchester at latter place was called off yesterday on account of rain. In Paris where the grass is green, and the sun seldom shines; In Paris, where most anything may happen any time; Where nearly all our sports obtain the revenue, That gives the lights along Main street their incandescent hue, A man entitled, Mayor James O'Brien, stalks into the moot, And orders that the base ball fans speak softly when they root.

What! Whisper when "Pop" Barnett takes his trusty ash in hand, And sends the whizzing horseshoe forth toward old Cythyn-ann. Speak gently when the Bourbonites, as they've done in ages past, Almost rise up in might and nail the ribbon to the mast? Or merely mutter guttural and unexpressive notes. When three-base hits demand wild yells and energetic groans? Suppress the ichor that cascades along the tingling veins, Of those who watch the old home team pile up tremendous gains? Impose funeral manners, when, with every throbbing breath, The soul of all the bleachers clamors for the umpire's death? Nay! Nay! The project will not work until the time shall come When base ball games are played at night, and fans are deaf and dumb!

Special Message.

In a special message to Congress President Taft recommended the enactment as part of the pending tariff bill of a 2 per cent. tax on the net incomes of all corporations and the passage of a resolution proposing to the States an amendment to the constitution granting to the Federal Government the right to levy and collect an income tax without an apportionment among the States according to population. This message was sent after the President had for more than two hours consulted with the six lawyer members of his cabinet. After being read in the Senate the message was referred to the Finance Committee.

Good Bill at The Grand.

Patrons of the Grand were treated to a bill of extraordinary merit, which, despite the threatening weather, was greeted by a fair audience. Charles Carroll amused the audience with his feats of ventriloquism and was decidedly pleasing.

The Ven Kinto troupe of Japanese acrobats, contributed largely to the bill and won rounds of applause when they performed some of the most difficult acrobatic stunts. The new motion pictures an illustrated some completed a bill that is far above the average, and well worth the time and money of anyone. There will be a matinee Saturday afternoon at 3 p. m.

Beginning next week Manager Bell has arranged to change the program three times each week, and will in the future secure his attractions from the Gus Sun circuit. He will also secure film service from a new exchange and in the city of Louisville, which will insure patrons new and catchy pictures which is one of the pleasing features of the Grand's program.

Select Your Corset with Care.

Your appearance depends entirely upon your figure. Your figure depends entirely upon your corset. To produce the hipless figure with the slender, graceful lines now in vogue, a perfect corset must be worn, a model that will give you the desired effect and fit you comfortably. Since the introduction of the graceful, slender hip effect, we have satisfied a great many of our most particular customers, with the splendidly shaped Henderson Fashion Form Corsets. Note the stunning effect produced by the model illustrated.

This style, 702, is medium high in the bust and is extra long below the waistline, having a deep, soft extension over abdomen and hips and is double boned throughout. We carry this model in similar styles in several values, ranging in prices from

\$1.50 to \$3.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give one hundred dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

BOURBON CIRCUIT COURT.
Stuart & O'Brien - - Plaintiffs
Vs.—Notice of Sale.
James Arnold, &c., - Defendants.

By virtue of a judgment and order of sale made and entered in the above styled action at the March Term, 1909, of the Bourbon Circuit Court, I will sell at public auction to the highest and best bidder on

Saturday, June 26th, 1909,
at the court house door in the city of Paris, Ky., about the hour of 11 o'clock a. m., on a credit of six and twelve months for equal parts of the purchase money, the property described in said judgment and ordered to be sold in this action to-wit:

The blacksmith shop and lot on the West side of High street in the city of Paris, Kentucky, between Seventh and Eighth streets, fronting 23 feet 6 inches on High street and extending back 100 feet to a 14-foot alley adjoining the Talbott (formerly Shinners) livery stable property on the North and Finnell Heirs property on the South now occupied by James Connelly as a saloon.

Also that certain lot of ground, with the improvements thereon, in the said city of Paris, Ky., fronting 32 1/2 feet on High street and extending back of equal width 300 feet or more, bounded as follows:

On the North by Branch (or Brandt's) Alley, on the East by the lot of Mary Ann Judy, which was formerly a part of which the lot herein conveyed is one-half, on the West by property of St. Paul's M. E. Church, the lot herein conveyed being one-half of the lot that was conveyed by Michael Glenn to Golie Arnold, by deed of record in the office of the Clerk of the Bourbon County Court, deed book 66, page 289, and is the same lot which was conveyed to said James Arnold by Mary Ann Judy and husband, by deed of record in said Clerk's office, Deed Book 75, page 32.

The purchasers or purchasers will be required to execute bonds with good surety bearing interest at the rate of 6 per cent. per annum from day of sale until paid payable to the undersigned Commissioner.

Said sale will be made to satisfy the debt and interest of the defendant, the Deposit Bank of Paris, amounting on the day of sale to the sum of \$506.12 and its costs and the costs and expenses of sale to \$22.50 and debt and interest of the plaintiff, Staurt & O'Brien, amounting on the day of sale to the sum of \$28.44, amounting in the aggregate to the sum of \$553.06.

NO DRAGGING OF BUNDLES

ON THE
NEW
CENTURY
BINDER

It Does Clean Work

A binder that does not cleanly separate the bundles from the matted grain costs a lot of your temper and time. Time is money during harvest. To avoid this loss use the New Century. The above cut tells the story. From the moment the needle appears above the grain until it returns beneath the deck, no grain is fed down by the packers. They serve to keep the grain from pressing against the needle. The revolving discharge arms do not come into contact with the matted grain. For good clean work use the New Century. If you will only let us show you the result for it will be another sale for us—one more satisfied customer.

MOWER
ONLY

THE WONDERFULLY EASY FOOT-LIFT
THIS CUT ALSO ILLUSTRATES THE DIRECT UNDERDRAFT FEATURE

Every farmer knows that the greater the "Underdraft" of a mower; the better and easier that mower will do its work. Every other maker of mowers uses some device that will enable him to secure as much "Underdraft" as possible. The best of these devices, however, are but makeshifts by which at least two-thirds of the draft is applied through the pole. Walter A. Wood Mowers alone possess genuine "Underdraft." Every ounce of draft is applied through the draft rod (shown in above cut) right where it is needed. A visit to this store will make this valuable feature clear. We honestly believe the Admiral is the best mower on the market to-day and are eager to show it to you and tell you all about it.

Conservative Estimate.

One-half million dollars is a conservative estimate of the money actually left in Louisville by the Nobles of the Ancient Arabic Order of the Mystic Shrine within the last four days they were there. This is exclusive of railroad fares. It has been estimated that the Nobles spent \$2,000,000 in St. Paul, Minn., last year, but that figure includes every cent of railroad fare and board hire. According to the records of the imperial Headquarters and hotel committee 5,090 Nobles from outside Louisville and the Fall City actually registered and paid their dues. More than three thousand tickets were issued to visiting women, and no account of children, all of whom were obliged to have a "white card," was taken.

Just Wanted to Be.

Mollie's mother is a Christian Scientist, and six-year-old Mollie has been mentally "healed" more than once. Usually she's pleasantly unconcerned. But one day recently came rebellion. She had been "naughty" and had not yet repented. And mother, all unmindful for once of the power of mind over matter, sat gazing at her daughter in plain, what-shall-I-do-next despair. But Mollie interpreted that gaze differently. For several seconds she wriggled in obvious discomfort under it. Then she straightened up and looked her mother squarely in the eye. "Now, mamma, stop it!" she cried, sharply. "You needn't try any more of your absent treatment on me! I tell you I'm bad and I want to be bad!"

A STEADY DRAIN.

Sick Kidneys Weaken the Whole Body—Make You Ill Languid and Depressed.

Sick kidneys weaken the body through the continual drainage of life-giving albumen from the blood into the urine, and the substitution of poisonous uric acid that goes broadcast through the system sowing the seeds of disease. Loss of albumen causes weakness, languor, depression. Uric poisoning causes rheumatic pain, nervousness, nausea, cricks in the back, gravel and kidney stones. The proper treatment is a kidney treatment, and the best remedy is Doan's Kidney Pills. Here is good proof in the following testimonial:

Miss Elizabeth A. Crump, West Main Street, Carlisle, Ky., says: "Early in life I began to suffer from kidney complaint, due to working almost constantly in a sitting position. It would be almost impossible for me to describe the misery I endured from pains in my loins and at times I was so weak that I was almost unable to be about. After taking many remedies, without finding relief, I started using Doan's Kidney Pills. They helped me in every way and earned my strongest recommendation."

New Water Company for Lexington.

There is a possibility that Lexington will have a new water company to compete with the old company, the proposed twenty-five year contract with which is now the chief subject of discussion by the members of the Lexington city government and the public at large. It was learned that a well-known engineer from Cincinnati, representing Eastern capitalists, had been in that city to investigate the advisability of making application to the city for a franchise to supply the city with a new system of water-works.

The visitor, who has requested that his name be not made public at present, has made a favorable report to the capitalists he represents, and they are expected to arrive there next week to take definite steps toward securing the franchise. It is said that these capitalists are willing to invest \$1,500,000 in the enterprise, and are anxious to enter the field. Should they secure the franchise they expect to pump the supply of water from the Kentucky river, thus having unlimited supply.

"ALWAYS GOOD, SOMETIMES BETTER."**Vigorous Criticism.**

Vigorous criticism of the tariff bill in its entirety was made in the Senate yesterday, where technically, the Philippine amendment to the bill was under discussion all day, by Senator Owens, who declared that the bill was written to serve the purposes of the masters of monopoly in this country, which was to make the rich richer and the poor poorer. He said the bill was contrary to the will of the American people. Senator Burkett declared that the Finance Committee's action in changing from overnight, on the subject of tobacco importations from the Philippines, looked to him "like a game of petty politics." Late in the day Chairman Aldrich presented the Finance Committee's amendment to the silk schedule.

Now Going On.

Simon's Removal Sale is now going on.

We are showing exclusively beautiful creations in the very latest styles in Millinery at remarkably low prices in order to clear our stocks.

Our practice of never carrying over to the next season any stock forces us to offer these exquisite becoming hats at real bargain prices.

Mrs. Corne Watson Baird.
